

# User Manual

## Installation Instructions

### **Executable for Windows Systems**

1. Run a Windows 10/11 machine.
2. Have [Java 23.0.1](#) installed.
3. Download the “RaposIncCatalogue.exe” file from the codebase at [Executable Link](#)
4. Ensure that the file has execution permissions.
5. Run the executable file.

### Troubleshooting

- If the executable won't run, ensure that the JAVA\_HOME environment variable is set to the location that you have downloaded java.
- If the antivirus is blocking the executable. Temporarily disable the antivirus or add the executable to its exclusion list.
- If the system is restricting it, please run the executable as an administrator.

### **Non-Windows Systems**

1. Have [Java 23.0.1](#) installed.
2. Download the “RaposCatalogue-1.0.jar” here: [jar Link](#)
3. Ensure that the .jar has executable permissions.
4. Open a terminal.
5. Navigate to the folder with the .jar file.
6. Run “java -jar RaposCatalogue-1.0.jar” command.

### Troubleshooting

- If the antivirus is blocking the program. Temporarily disable the antivirus or add the .jar to its exclusion list.

## How to Use

Follow these steps to manage and interact with the catalogue:

### **Login and User Roles**

You will be prompted to enter your credentials upon launching the application via the Login GUI. There are two types of users:

**Employee:**

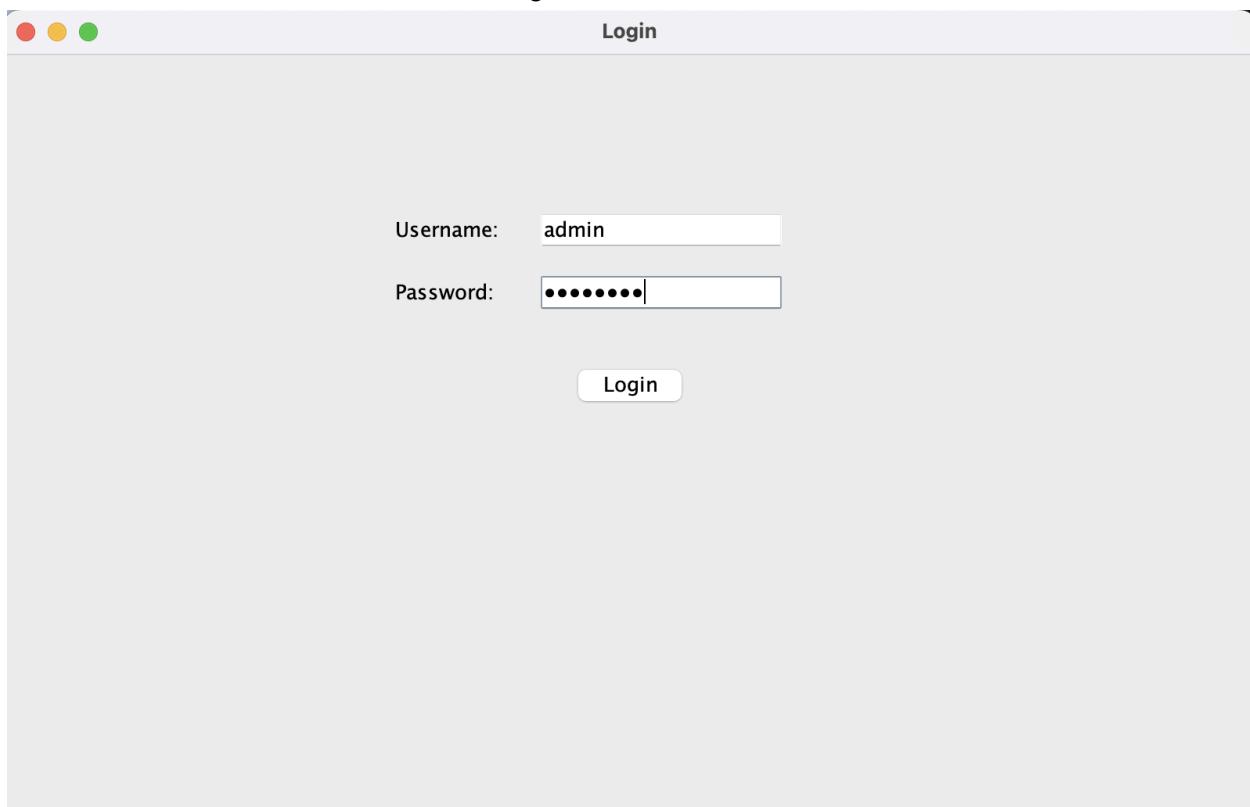

Employee users have limited permissions. They can:

- View the catalogue.
- Search and filter the catalogue.

**Admin:**

Admin users have full access to the catalogue. They can:

- Add new products.
- Edit existing products.
- Delete products.
- View, search, and filter the catalogue.

Make sure to log in with the appropriate credentials to access the corresponding features of the application.

## View Products

- Run the application using `ProductCatalogueGUI.java`.
- Browse the products list and use available filters to search for specific items.
